AM

7:30-8:30 Continental Breakfast (Outside of Mississippi Ballroom)

Monday, July 11, 2005

Session II: Concurrent Discussion Groups

The goal of each discussion group is to identify, define and prioritize knowledge and technological gaps amenable to scientific research. Each group discussion (morning and afternoon) will begin with an Industry assessment for the subject area.

Industry and academic participants will be asked to participate in each of two sessions of their choice. ARS scientists will remain with a single discussion group.
